

Cross River State Government

**BUDGET PERFORMANCE
REPORT 2023 FOURTH
QUARTER (Q4)**

Date of Publication

28th January, 2024

EXPLANATORY NOTE

The 2023 Fourth Quarter (Q4) Budget Performance Report of Cross River State Government faced an unexpected obstacle in publication due to a critical failure in the computer systems at the Office of the State Accountant General. This unfortunate technical issue disrupted the timely compilation and processing of the extensive financial data, preventing the accurate and transparent presentation of the State's fiscal performance. Efforts are underway to swiftly address and rectify the computer systems failure to ensure a comprehensive and reliable report is released to the public as soon as the technical challenges are resolved. The State Government remains committed to transparency and accountability in financial matters to ensure good governance, and this delay is solely attributed to unforeseen technical difficulties beyond our control.

We sincerely apologize for the delay in publishing the 2023 Q4 Budget Performance Report. Rest assured, we are actively working to address this issue to ensure the timely release of the report. Your understanding is appreciated as we strive to improve our processes and communication.

Thank you for your understanding and cooperation.
