

SUGGESTIONS MADE BY CIVIL SOCIETY ORGANIZATIONS DURING VIRTUAL BUDGET CONSULTATIVE MEETING

1. Alternative measures should be taken to ensure that all categories of citizens are part of the forum. This can be done through live radio/phone-in programme, using the State's Radio station and other radio stations in the State.
2. All Government MDAs in the budget should be represented and play an active part in the forum so as to respond to concerns raised by citizens.
3. The Civil Society should be involved in the Budget Monitoring Process for effective results.
4. Overheads should be released to MDAs to enable them to efficiently implement their budget.
